Sir:

The Applicant, through its representatives and attorneys, hereby brings to the attention of the examiner the five (5) documents noted on the accompanying Form PTO-SB/08. Copies are provided. This submission is timely in that it is made prior to a first action on the merits.

This will certify that each item of information in its original form contained in this information disclosure statement was cited in a communication from a foreign patent office in connection with a corresponding foreign application not more than three months prior to the submission of this IDS. Specifically, these documents were noted in an Action dated March 20, 2007 in connection with the Applicant's corresponding application in Japan. A copy of the Japanese action is provided, but a translation is not readily available. The relevance of these documents can be gleaned from the English language text in the original, the translations, or the Abstract that are respectively provided.

The PCT Publication WO-97/047132 is in English, and it also has a U.S. patent family member, No. 6,148,136. English language translations are provided for three of the four Japanese language documents, and an Abstract provided for the fourth remaining document.

Please take these documents into account in the initial examination of this application and make their consideration of record.
